This is a good opportunity for the German faculty/researchers having interest to conduct courses and interact with Indian institutes,

The Govt. of India program titled "Global Initiative of Academic Networks" (GIAN) in Higher Education is aimed at tapping the talent pool of scientists and entrepreneurs, internationally to encourage their engagement with the institutes of Higher Education in India so as to augment the country's existing academic resources, accelerate the pace of quality reform, elevate India's scientific & technological capacity to global excellence and interact with international experts.

GLOBAL INITIATIVE OF ACADEMIC NETWORKS

GIAN OBJECTIVES

1. Increased footfalls of reputed international faculty in the Indian academic institutes.
2. Opportunity to learn and share knowledge and teaching skills in cutting edge areas.
3. Students to seek knowledge and experience through interactive and collaborative processes.
4. Seek paths for collaborative research
5. Increased participation and presence of international students
6. Documentation and development of new pedagogic methods in emerging topics of national and international interest.

In order to garner the best international experience into our systems of education, enable interaction of students and faculty with the best academic and industry experts from all over the world and also share their experiences and expertise to motivate people to work on Indian problems, a system of Guest Lectures by internationally and nationally renowned experts has been evolved along with a comprehensive Faculty Development Programme not only for new IITs, IIMs, IISERs but also other institutions in the country.

Applications are accepted throughout the year. Selection is generally in April/May. For details visit: <http://www.gian.iitkgp.ac.in>
